

BE A PART OF RAILROAD HISTORY

This exciting program provides railroad enthusiasts and those that want to be a part of railroad history to have an engraved brick installed in the walkway surrounding our RR Turntable. Located in Fillmore, California, the RR Turntable walkway leads directly from the Promenade next to the railroad tracks to Main St. on the

North. Bricks can be engraved with either two or three 18 character lines.

The bricks are “Standard Kiln Fired Common Red Bricks” (2 1/4” x 3 7/8” x 8 1/8”). These special engraved bricks are a great way to pay recognition to a loved one, family, kids, a friend, business or oneself.

The price for a two line brick is \$120.⁰⁰, a three line brick \$130.⁰⁰.

Please complete the “RR Brick Order” form on the back of this brochure with the desired characters (Max of 18 per line) which will then be centered on the brick unless otherwise specified in the “detail” section of the form. Then return the form, along with a check or money order, made payable to:

SCRVRHS
Box 492
Fillmore, CA 93016

The RR Bricks will be made in groups of 100 and will be installed along the walkway.

The **Santa Clara River Valley Railroad Historical Society** is a non-profit 501(c)(3) organization.

Remember donations to this project are tax deductible.
